Bilingual (Native Japanese / English) Operations Lead · iGaming & regulated-industry customer operations · advancing into delivery/project management and financial crime (AML/KYC) operations

LANGUAGES & MARKET FLUENCY

- **Native Japanese (business level)** and fluent English — fully bilingual across written and spoken business communication.
- **Deep fluency in Japanese business culture and etiquette.** Born, raised and began her sales career in Japan; relocated to Australia in 2016, bridging both markets first-hand.
- **Established relationships across major Japanese enterprises**, including **Toyota** and **Fuji Xerox**.
- **Direct SMB and local-government sales experience in Japan** (Fuji Xerox, Saga / Kyushu, Southern Japan) — understands the nuances of how Japanese businesses buy.

PROFESSIONAL SUMMARY

Bilingual operations and customer-experience professional with 10+ years across high-velocity, high-volume commercial environments in Japan and Australia. 2.5 years inside Easygo (Stake.com), a regulated iGaming operator — working daily alongside KYC, Payments, Risk and Sportsbook teams — followed by a founding operations-lead role at an early-stage startup, owning sales, marketing and operations end-to-end.

Native Japanese speaker with deep cross-cultural fluency, a proven record of opening new markets, building pipeline from cold outreach, and converting prospects into long-term retained accounts. Sales career rooted at Fuji Xerox in Southern Japan; ranked in the top 5% of salespeople at AmazingTalker. Now targeting delivery/project management and financial crime (AML/CTF/KYC) operations, with an AML certification in progress. Bilingual bridge between the Japanese and APAC markets.

KEY SKILLS

- **Regulated-Industry Operations:** frontline experience with KYC checks, payment/fraud escalations and responsible-gambling workflows inside an AML/CTF-regulated iGaming operator.
- **Process Design & Delivery:** building workflows, playbooks and reporting from zero; coordinating across teams and vendors to ship outcomes.
- **Full-Cycle Sales & Closing:** owning the complete B2B sales process from outreach and discovery through negotiation to close.
- **Account Management & Retention:** onboarding, regular check-ins, renewals and referrals across B2B and B2C books of business.
- **SMB & Public-Sector Selling:** direct experience selling to SMBs and local government, in both Japanese and English-speaking markets.
- **Consultative & Value Selling:** diagnosing complex business problems and articulating value to personas from IT leads to directors.
- **Cross-Cultural / Bilingual Communication:** native Japanese and fluent English, fluent in Japanese business norms and APAC market nuance.
- **CRM & Data-Driven Forecasting:** pipeline hygiene, activity tracking and accurate revenue forecasting.

PROFESSIONAL EXPERIENCE

Founding Sales, Marketing & Operations Lead (Pro Bono) | *countfor.me* Apr 2026 – Present

- Set up the company's first outbound sales process, defining target segments across the Japanese and Melbourne markets and building the initial prospect list from zero.
- Run full-cycle prospecting: research accounts, write outreach sequences and follow up to convert cold contacts into qualified conversations.
- Leverage native Japanese and Japanese-market fluency to open and localise the Japan go-to-market motion.
- Map the end-to-end customer journey and apply the findings to structure messaging across the website and social channels.
- Manage marketing operations (content scheduling, social publishing and engagement tracking) and maintain a lead pipeline and activity log.
- Operate as the sole commercial hire, coordinating sales, marketing and operations directly with the founders.

Customer Service Representative | *Easygo (Stake.com)* Oct 2023 – Apr 2026

- Managed 100–400 daily customer touchpoints in a fast-paced tech environment while sustaining a 95%+ Quality Assurance score and meeting all SLAs.
- Acted as a value consultant, surfacing recurring pain points and delivering 10+ Voice-of-Customer insights that directly improved internal processes.
- Designed and rolled out a structured payment-error workflow that cut ticket resolution time by 25% and lifted team efficiency.
- Partnered daily with Payments, Risk, KYC, Sportsbook and CRM teams to resolve complex client issues and improve the user experience.
- Authored internal documentation and response playbooks that improved consistency and reduced handling times.

Teaching Mentor Manager | *AmazingTalker* Sep 2020 – Dec 2021

- Ranked in the **top 5% of salespeople** while managing a B2C book of student accounts, owning acquisition, retention and renewals.
- Took the client-retention approach built as a tutor and coached a cohort of teachers on how to keep and grow their own student base.
- Standardized evaluation criteria and onboarding materials so retention and account-management practices scaled consistently across the team.

Japanese Tutor (Self-Employed) | *Independent Business* May 2016 – May 2023

- Owned the end-to-end client relationship for a portfolio of 400+ students, effectively account management: onboarding, regular check-ins and renewals over a period of up to seven years.
- Drove retention by tailoring plans to each client's goals and tracking progress, sustaining long-term renewals and referrals.
- Ran the business independently (acquisition, scheduling, invoicing, retention), learning to protect and grow a recurring book of clients.

English Teacher | *Prefectural High School, Japan* Apr 2011 – Mar 2015

- Presented to and managed engagement for classes of up to 40 students daily, a foundation for delivering presentations and demonstrations to groups.
- Wrote and graded formal exams for Year 10–12 students, assessing 100+ students per year against fixed academic deadlines.
- Learned to plan curriculum, manage time across competing deadlines and communicate complex material clearly to a mixed-ability audience.

Corporate Sales Representative | *Fuji Xerox — Saga (Kyushu), Southern Japan* Apr 2009 – Apr 2010

- Began her sales career selling **to local government bodies and SMBs** across the Saga / Kyushu region of Southern Japan.

- Ran the full B2B sales cycle (prospecting, needs analysis, product demonstration and closing) for a portfolio of 40+ corporate and public-sector accounts.
- Served as product expert for DocuWorks document-management software, translating technical features into business outcomes for non-technical buyers.
- Built relationships across major Japanese enterprises including **Toyota**, and learned the consultative selling techniques and Japanese business etiquette she still uses today.
- Used CRM systems to track activity, organize pipeline and produce forecasts for leadership reporting.

EDUCATION & CERTIFICATIONS

- **AML/KYC Certification (ACAMS / ICA pathway)** — in progress (2026)
- **Yamaguchi University**, Bachelor's Degree, Linguistics (2005–2009)
- **International House Sydney**, Certificate IV in TESOL (2015)
- 420-Hour Advanced Japanese Teacher Training, The World Japanese Language Centre (2019)
- High School Teacher's Certificate, Yamaguchi Prefectural Board of Education (2009)
- English for Teaching Younger Learners, International House World Organisation (2020)
- Teaching English to Speakers of Other Languages (TESOL), International House World Organisation (2015)
